

Self-injection education and support program

Treating specialist registration form

The ACTEMRA for me program (Program) sponsored by Roche Products Pty Limited and facilitated by Sonic Nurse Connect is designed to provide self-injection training and support for patients for whom you have prescribed ACTEMRA (tocilizumab) subcutaneous injections.

The Program offers supervision of the first injection by an ACTEMRA trained nurse in a facility with the necessary equipment to initiate the management of a serious hypersensitivity reaction if required as per ACTEMRA Product Information requirements.*¹

The Program offers up to four injection-training sessions for patients and/or their carer as well as a nurse hotline for ongoing support. Patients may request enrolment into the Program via the ACTEMRA Website located at www.actemra.com.au or by phoning the Program hotline on 1800 778 711.

By completing this form, you are granting permission for Sonic Nurse Connect to enrol any patient for whom you have prescribed ACTEMRA subcutaneous injections into the Program should they request to do so for injection supervision, education and/or support.

*Please note, a dispensing label is required on all ACTEMRA medication, including starter packs provided to the patient, if the patient is attending an injection-training appointment.

TREATING SPECIALIST ACKNOWLEDGEMENT

I hereby grant permission for any patient for whom I have prescribed ACTEMRA subcutaneous injections to be enrolled in the ACTEMRA for me program and receive injection supervision, education and support from the Sonic Nurse Connect nurse (the nurse).

I understand that in the rare case that a patient displays an acute reaction in the presence of the nurse, during or after an ACTEMRA injection, the nurse will administer emergency treatment including medication in accordance with best practice as required.
